

International Congress of RedBioLAC, the Biodigesters Network for Latin America and the Caribbean

From 8 to 10 May 2011, in Managua, Nicaragua will be held the International Congress: *Masificación de Biodigestores de Pequeña Escala*. The main objective of the congress is to present the advances in small-scale biodigesters from the perspective of massive and interregional development, encouraging the implementation of this technology in Latin America and the Caribbean.

The conference will present experiences of implementation and research conducted in Argentina, Bolivia, Colombia, Costa Rica, Spain, United States, Guatemala, Honduras, Mexico, Peru, Vietnam and other countries.
