

EUROPEAN UNION LAUNCHED THE ECO-INNOVATION CALL 2013

When business meets the environment

The call 2013 for Eco-Innovations of the European Union has been launched. The European Commission grants up to 50% co-funding to finance green ideas: the total budget available for the 2013 Call is almost 31.6 Million Euros. The call will close on **05 September 2013**. This call could offer a good opportunity to valorize the innovations of the IDEASS catalogue.

Calls support Eco-innovative projects in different sectors which aim at the prevention or reduction of environmental impacts or which contribute to the optimal use of resources. More specific priorities are being set up considering their important environmental impact and policy priorities of the European Union: Materials Recycling; Sustainable Building Products; Food and Drink Sector; Water; Greening businesses.

Although priority will be given to SMEs and private beneficiaries, the calls for proposals are open to all legal persons located in one of the following countries: the 27 EU member states, Norway, Iceland, Liechtenstein, Albania, Croatia, former Yugoslav Republic of Macedonia, Israel, Montenegro, Serbia and Turkey and other non-EU countries provided they have the appropriate agreement in force.
