

THE FUNDS FOR NGOs INITIATIVE AN INNOVATIVE TOOL FOR A GLOBAL IMPACT

The [FundsforNGOs initiative](https://www2.fundsforngos.org/) provides online information for NGOs to increase their awareness and access to donors, resources, and skills. It uses its technology to spread knowledge from its experienced fundraising experts to NGOs around the world and increase their capacity and impact.

Within FundsforNGOs' website, the section *latest funds for NGOs* provides access to different funding opportunities according to 17 specific thematic areas such as agriculture, environmental conservation, education, water, sanitation and hygiene, poverty alleviation, youth empowerment.

FundsforNGOs is an innovative social enterprise started in 2008 providing users with free alerts on funding availability. Now their website consistently generates millions of page views and they have grown also to create free resource guides on topics such as writing proposals, capacity building, donor networking, using technology and social media.

This online initiative is an innovative tool increasing the sustainability of NGOs across the world.
