

LAUNCHED THE 2019 UNITED NATIONS CLIMATE CHANGE AWARD SOLUTIONS TO FIGHT CLIMATE CHANGE

The United Nations Global Climate Change Secretariat [launched the 2019 edition of the UN Global Climate Action Award](#) to recognize the most innovative, scalable and replicable examples of what people around the world are doing to tackle climate change.

Organizations, communities, cities, businesses, universities, governments and others that are taking concrete action on climate change can apply to have their projects recognized by the UN Climate Change secretariat as a 2019 Lighthouse Activity.

Applicants must choose one of the following four focus areas where their activity is making a difference:

- [Women for results](#). Recognizing the critical leadership and participation of women in addressing climate change.
- [Financing for Climate friendly investment](#). Recognizing successful financial innovations and funding mechanisms that are unlocking climate finance and building capacity.
- [Planetary Health](#). Recognizing novel solutions that balance the need for both human health and a healthy planet.
- [Climate Neutral Now](#). Recognizing efforts by individuals, companies and governments that are achieving real results in transitioning to climate neutrality.

The winning experiences will receive a wide range of benefits, including fully covered attendance to the next UN Climate Change Conference; access to policy makers and potential funders during the conference; public recognition by the UN Climate Change secretariat; public relations support and media training; marketing materials, including promotional videos; a dedicated page about the project on the UN Climate Change website.

[The application deadline for the 2019 Award is 30 April 2019.](#)
