

# WINNERS OF THE 2018 UNITED NATIONS CLIMATE CHANGE AWARD

## SOLUTIONS TO FIGHT CLIMATE CHANGE

On December 2018, fifteen initiatives were celebrated as winners of the 2018 [United Nations Climate Action Award](#) at a special ceremony at the UN Climate Change Conference (COP 24) in Katowice, Poland.

The winners have been celebrated by ministers, negotiators, NGOs and other conference participants. Acclaimed co-pilot of the first flight around the world in a solar-electric airplane, Bertrand Piccard, served as the event's master of ceremonies.

The [Momentum for Change website](#) presents the [15 innovative experiences winners of the 2018 Award](#). These experiences are implemented in Germany, Chile, Haiti, Sri Lanka, United Kingdom, Australia, Norway, Canada, Syria, Sweden, USA, India, Rwanda and Brazil.

The website also presents the experiences winners of the previous editions of the award for each of the four focus areas: [Planetary Health](#); [Climate Neutral Now](#); [Women for Results](#); [Financing for Climate Friendly Investment](#).

More information on the previous editions of the Award and the winning experiences are also available in the Interactive Annual Reports.

These experiences are managing innovative approaches, methodologies and technologies that could be of interest for other territories and local development actors.
