

# WINNERS OF THE 2019 UNITED NATIONS CLIMATE CHANGE AWARD

## SOLUTIONS TO FIGHT CLIMATE CHANGE

[Fifteen initiatives from around the world](#) were announced on 26 September 2019 as winners of the *UN Global Climate Action Award*. The announcement has been done after the [UN Climate Summit in New York](#), convened by UN Secretary-General António Guterres, and in parallel with the Climate Week NYC.

The Award is part of the Momentum for Change initiative spearheaded by the UN Climate Change secretariat to show the groundswell of activities underway across the globe that are moving the world toward a highly resilient, low-carbon future. Momentum for Change recognizes innovative and transformative solutions, called [Lighthouse Activities](#), that address both climate change and wider economic, social and environmental challenges.

The 2019 award-winning projects were selected from a pool of over 670 applications by an international [advisory panel](#) part of the secretariat's Momentum for Change initiative. The awards programme is implemented with the support of [The Rockefeller Foundation](#), and operates in partnership with the [World Economic Forum](#) Global Project on Climate Change, and donors supporting the implementation of the UNFCCC's Gender Action Plan.

The Momentum for Change website also presents the solutions winners of the previous editions of the award for each of the four focus areas: [Planetary Health](#); [Climate Neutral Now](#); [Women for Results](#); [Financing for Climate Friendly Investment](#). More information on the previous editions and the winning experiences are also available in the Interactive Annual Reports.

These transformative solutions are managing innovative approaches, methodologies and technologies that could be of interest for other territories and local development actors.
