

LAUNCHED THE 2019 FUTURE POLICY AWARD

CELEBRATING THE BEST YOUTH EMPOWERMENT SOLUTIONS

The World Future Council launched the [2019 edition of the Future Policy Award](#) for exemplary policies that promote and support young people's empowerment.

FUTURE POLICY AWARD 2019

Since 2010, every year the most visionary policies tackling humankind's most pressing challenges are celebrated through the [Future Policy Award \(FPA\)](#), that recognizes policies for the benefit of present and future generations, in partnership with UN agencies and the Inter-Parliamentary Union IPU.

Recognizing that youth empowerment is critical to achieve the Agenda 2030 and address key sustainable development and justice challenges, the Future Policy Award 2019 will put the spotlight on policies that empower young people.

The 2019 edition has been organized in collaboration with the United Nations Development Programme (UNDP), the Inter-Parliamentary Union (IPU), the Office of the UN Secretary-General's Envoy on Youth, the International Labour Organisation (ILO) and Youth Policy Labs.

Representatives of international organizations, academia, non-governmental organizations, parliaments and government agencies are invited to nominate exemplary policies that effectively promote and scale up local, national and international youth empowerment solutions.

[The application deadline for the Award is 26th April 2019.](#)

The World Future Council is particularly interested in nominations of innovative and impactful laws, policies and legal frameworks that create enabling environments and empower young people in the following fields:

- Economic empowerment of young women and men in decent and sustainable jobs
- Youth civic engagement and political participation in support of sustainable development and peace.

Winners will be selected by a high-level jury of experts and announced in October 2019 at an award ceremony in Belgrade, Serbia, during the 141st IPU Assembly.
